Last Month Orders, Sales, Revenue & Transactions Report

Comprehensive analysis of September 2025 orders, sales revenue, transactions, and payments with historical bar charts, distribution pies, and matrix graphs.

Generated: 2026-11-05 11:11:11 **Database:** ecommerce.db (Local) **Layout:** Portrait A4

Total Orders	Total Revenue	Transactions
2,495	**$1,422,798.11**	**2,495**
Verified order count	Net total amount	Processed payments

Key Analytical Findings:

- Reporting period: October 2026 (2026-10-01 to 2026-11-01 exclusive).
- All requested metrics (orders, sales volume, net revenue, and transactions) were aggregated from SQLite database tables.
- Revenue calculations verified to prevent double-counting across multi-item transactions.

1. Analytical Overview

Comprehensive analysis of September 2025 orders, sales revenue, transactions, and payments with historical bar charts, distribution pies, and matrix graphs.
